Advanced Intense Pulse Light Treatments

Aviderm Skin Care at Hair Studio & Day Spa offers the most advanced and widest variety of IPL (intense pulsed light) technology. We utilize the Sciton BBL (BroadBand Light) System to deliver effective treatments for hyperpigmentation, sun-damage, rosacea, vascular lesions, active acne, and even collagen rejuvenation for improved skin tone and wrinkle reduction. You will notice positive changes even after your very first session. We recommend an initial series of four treatments, one every two-four weeks. Depending on the condition of the skin, more treatments may be necessary. Many people maintain their results with an additional maintenance treatment every 6-18 months.

Eye area	\$180 per treatment
Mouth area	\$180 per treatment

All other areas priced as per consultation.

Receive a 10% discount when you pre-purchase a package of 3 SkinTyte™ treatments.

Crystal-Free Microdermabrasion

We now offer the new DiamondTome Crystal-Free Microdermabrasion system. Using surgical stainless steel diamond encrusted wands, we gently remove the dead layers of skin to expose newer, younger skin. This has proven to be one of the most popular and effective "lunchtime" treatment for fine lines and wrinkles, acne, acne scars, sun-damage, blackheads, enlarged pores, etc. with no downtime. Microdermabrasion treatment includes cleansing, treatment, enzyme application, hydrating gel mask with steam, product application and scalp massage. Microdermabrasion is a "progressive" rather than an aggressive treatment, therefore a series of 6 is recommended.

Full Face	\$ 95 per treatment
Full Face & Neck	\$110 per treatment
Hands	\$50 per treatment
Chest	\$75 per treatment
Back/Shoulders	\$75 & upper treatment (To be quoted)
Face, Neck & Chest	\$140 per treatment

Purchase 5 treatments and receive the sixth for no additional charge.

Purchase a treatment of face, neck & chest and receive hands at no charge.

Chemical Exfoliation and Resurfacing Treatments

Hair Studio & Day Spa offers a wide variety of effective chemical and fruit acids including the full Skin Therapy Product Line. Our exfoliations include acids and enzymes such as Glycolic, Lactic, Pumpkin, Salicylic, TCA, and Jessner's. These resurfacing treatments are an excellent way to address acne, sun-damage, poor skin tone, enlarged pores, blotchy skin, fine lines and wrinkles, and more! Our skin care professionals will advise you as to which acid

or enzyme will best benefit your skin. A series of 6 is recommended.

Facials Continued

"Class Reunion" Facial: This popular facial treatment protects and rejuvenates the skin while leaving it instantly firm, bright and radiant. Perfect for that special occasion! Includes Power Alpha Peptide Resurfacer to increase cell turn-over and rejuvenate the skin, Firming Enzyme Peptide Treatment to digest dead skin cells, soften fine lines and wrinkles, and firm the skin, Super Pigment Solution and Vitamin C Serum to even skin tone and protect it from environmental damage, and Hydrating Gel Mask with Hyaluronic acid to provide plumping and deep hydration to the skin. A great way to look fresher and more youthful with NO DOWN TIME and without spending a fortune.

Vascular 300

The Vascular 300 uses electricity to reduce or remove unsightly, superficial spider veins, skin tags, milia, cholesterol deposits, etc. There are many theories on the causes of these unsightly conditions, all of which will be discussed in a pre-treatment consultation. 1-4 treatments may be required for desired results.

Collagen Peptide Mask

Collagen Peptide Mask contains pure collagen fibers with an elevated degree of microbiological, physical, and chemical stability. Stimulated by the Phyto Mask Activator, which contains Allantoin and Azulene for hydration, it takes on the form of a transparent second skin when applied. The outstanding hydration properties of CPM are especially beneficial for dry, sensitive, irritation-prone, and aging skin. It improves the absorption of additional active ingredients through occlusion. Regular use of CPM helps smooth fine lines and wrinkles, calms and soothes irritation, restores skin vitality, and leaves the skin feeling supple, dewy and radiant. Available for eye area or full face.

Firming Enzyme Peptide Treatment

A Papain, Bromelain and Peptide based enzyme treatment for exfoliation and deep cleansing of the skin designed to enhance product penetration. This treatment is mixed at the chair to ensure full enzymatic activity. The activator is formulated with peptides to promote collagen production and to prevent the catacholine response (wrinkles), supporting Age Management and healing.

"NEW" Stress Melter Exfoliating Full Body Scrub & Massage

Start with a refreshing, exfoliating body scrub to take off those dead, dry skin cells and leave your skin glowing, healthy and luminous. This invigorating yet relaxing treatment will stimulate circulation and detoxification. Next, jump in the in-room shower to rinse off the grains. Climb back into the freshly changed sheets for a hydrating and soothing full body moisturizer application and light massage. Let the stress melt away and leave with dewy and radiant skin you've dreamed of! For your comfort and discretion, all areas are covered with a sheet, except for those being treated.

55 minutes	\$85
Add Scalp Massage for \$10	
Add Express Facial for \$40
